

# Garden Genie Gloves

Don't these Garden Genie gloves look amazing? Imagine digging and planting without tools! I must admit I use my hands for many functions that I should use a tool for, so these are intriguing...

I must go through a pair of regular gardening gloves per week in [my business](#). Very annoying not to mention expensive! The index finger on my right hand goes first, and often I do not even realize it has given away until I take off my gloves and my fingernail is broken and dirty. Over time all fingertips give away so all my nails get dirty, fast. In fact, I had to give up the gel nails I loved because they got ruined the first month I was in business.
