

Rakuten: Get Cash Back When You Shop!

Is it too soon to talk about shopping? I know many of us have had our fill of shopping with the holiday season so recently behind us, but some things we have to buy anyway, Christmas or not. Not to mention, there are lots of deals to be had this time of year. Check out Rakuten to earn rebates when you shop, it's that easy.

What is Rakuten?

Rakuten is an awesome [online shopping site](#) that gives you cash back and rewards when you shop with them. Formerly known as [Ebates](#), they were founded way back in 1998. There are currently over 750 stores to shop from, including Hudson's Bay, Indigo.ca, Canadian Tire, Old Navy, and Sephora. Instead of shopping on the individual retailer's websites, you shop with Rakuten. It's very simple.

Why Shop This Way?

You get paid to shop for things you're already buying. Why not get a rebate back? Plus, get a [\\$30 Cash Bonus](#) when you join today! There are no sign-up or membership fees to pay either.

How Do They get Paid?

It works by affiliate links. Don't worry, you don't need to know anything technological. Basically, the stores pay Rakuten for these links so you can experience one-stop shopping and get rewarded.

Rakuten gets paid, the stores get paid, and you get paid.

OMG, I sound like Oprah!
